DISTRIBUTED I/O AND SIGNAL CONDITIONERS

Ethernet, Modbus, Profibus I/O   Transmitters, Isolators, Splitters   Limit Alarms / Computation   I/O Modules

Signal Conditioning Solutions

SP230/330 Series

A high-performance line of signal splitters / duplicators offering precise scaling of I/O ranges.

- Easy configuration via USB with Windows software or Agility App for Android
- Inputs: current, voltage, temperature
- Outputs: dual DC voltage, current

www.acromag.com/SP

TT230/330 Series

A high-performance line of thin transmitters and isolators offering great flexibility.

- Easy configuration via USB with Windows software or Agility App for Android
- Wide variety of input, output, and power configurations

www.acromag.com/TT

600T Series

Select from a broad line of isolators, splitters, and transmitters.

- Auto-configuration and self-ranging models for easy setup
- Wide variety of input, output, and power configurations

www.acromag.com/600T

IntelliPack 800 Series

Intelligent, programmable series of transmitters, math modules, and alarms.

- PC configuration, push-button adjust
- Wide variety of input, output, and power configurations

www.acromag.com/ IntelliPacks

ST130 Series

Low-cost, miniature head-mount (DIN Form B) transmitters that deliver outstanding accuracy, linearity and stability.

- Easy PC/Windows configuration via USB
- Inputs: temperature, voltage, ohmic
- Output: 4-20mA DC (sink)

www.acromag.com/ST130

microBlox® Series

High-performance solution for interfacing sensors and field devices with data acquisition systems.

- Bluetooth® wireless technology enabled
- User-configurable I/O ranges
- Alarm and input polling/trending capabilities

www.acromag.com/ microBlox

Flat Pack Series

A full line of analog signal conditioners. (transmitters, isolators, and limit alarms)

- Wide variety of input, output, and power configurations

www.acromag.com/fp

Accessories and Services

- Panel meters, power supplies
- Mounting and wiring accessories
- Coatings, tags, certificates, drawings

Telephone: 877-214-6267 or 248-295-0880 ■ Fax: 248-624-9234 ■ sales@acromag.com ■ www.acromag.com

BusWorks XT Series

High-performance, space-saving remote analog and discrete I/O modules - with Xtra Technology - for Ethernet networks.

■ Ethernet/IP, Profinet, Modbus TCP/IP, and i2o peer-to-peer communication

■ Easy PC/Windows configuration via USB

■ Redundant and bussed DC power

*www.acromag.com/
BusWorksXT*

BusWorks 900 Series

A series of dependable, yet economical, remote analog and discrete I/O modules for Ethernet or RS485 networks.

■ Ethernet/IP, Modbus TCP/IP, i2o peer-to-peer, Modbus-RTU and Profibus-DP communication

■ Easy configuration using Internet browser or Windows software

*www.acromag.com/
BusWorks900*

EtherStax ES2000 Series

High-density I/O blocks designed for high-reliability operation in Ethernet networks.

■ Modbus TCP/IP, UDP/IP, and i2o peer-to-peer communication

■ Up to 96 channels of discrete or analog I/O in a vertically-stackable unit with a small footprint

■ Fast scan rates (below 1 millisecond)

■ Redundant power and communication

*www.acromag.com/
EtherStax*

Peer-to-Peer Communication

Many Acromag I/O modules have i2o technology for "input-to-output" peer-to-peer over Ethernet.

■ Automatically transmits analog or discrete I/O information between modules

■ Wire-saver, mux/de-mux, splitter tasks

www.acromag.com/i2o

Channel-to-Channel Isolated I/O Modules

Ethernet-enable panel mounted signal conditioners with BusWorks or EtherStax I/O.

■ Connect uB backpanels to Acromag Ethernet I/O with DB25 cable (cables also available for 3B/5B/7B)

■ Over 102 low-cost, high-isolation models

■ Up to 1500V AC isolation per channel

www.acromag.com/microBlox

Software Tools

■ OPC, .NET, ActiveX, Visual Basic/C++

■ Function libraries with C source code

■ Compatible with Windows, Linux, VxWorks, QNX, OS-9, and other OSs

*www.acromag.com/
software-tools*

Ethernet Switches

■ Managed and unmanaged

■ Gigabit fiber

■ 10/100/1000 Rj45

■ up to 8 ports

Ordering With Acromag is Easy

Industrial I/O and Embedded Computing Solutions for Those Who Require Excellence

## We're Here to Help, Call 877-214-6267

Easy Online Ordering Saves You Time

Visit Acromag.com first for all of your process instrumentation or network I/O solutions.

Find products & support documentation on the website under the 'Products' navigation tab, or do a quick 'product search' if you know your model number.

We know your time is valuable, so we offer easy online pricing and ordering 24/7.

- Get a price quote at your convenience from www.acromag.com.

- Flexible shipping: UPS prepaid or UPS or FedEx Collect.

- Payment options: Visa, Mastercard, American Express, or with approved credit a purchase order.
